Auditor II – 7624 (A&PS)
Auditor I – 7623 (A&PS)

AUDITOR

Series Description

Auditors execute audits to determine whether units comply with laws, policies, and good business practices, report findings and make recommendations to implement improvements.

A&PS Benchmark Level

The A&PS benchmark level is Auditor. Incumbents typically assist the "Auditor in Charge" in applying audit principles, developing audit plans, performing audits, evaluating findings, writing reports, and formally presenting the findings.

Journey or Fully Operational Level in Series

The fully operational level is Auditor I.

Certification or Licensure Requirements

None
